

Ahmed Dabah Al-Jmal

SOFTWARE DEVELOPER

+963 998 958 684 | ahmed@gmail.com | ://github.com | Aleppo, Syria

PROFESSIONAL SUMMARY

Motivated and detail-oriented Front-End Developer with practical experience in building responsive, user-friendly, and dynamic web applications. Proficient in React.js, Next.js, and modern styling frameworks like Tailwind CSS. Possesses a strong academic foundation in English literature, facilitating excellent communication, technical documentation understanding, and global team collaboration.

WORK EXPERIENCE

Front-End Developer

September 2025 – Present

Local Development Team – Syria

- Developed and deployed high-performance, responsive user interfaces for local client websites using React.js and Next.js.
- Utilized Tailwind CSS to implement modern, clean, mobile-first web designs, improving user engagement.
- Managed global application state efficiently across complex components using Zustand.
- Collaborated with team members through Git and GitHub for streamlined version control and code deployment.
